Dear Sir,

Subject: **Libya – Leading the way Programme for development leadership capacity to support Libya’s transition for USD 5,500,000**

The African Development Bank is pleased to endorse the submission of the Libyan proposal “Leading the way Programme for developing leadership capacity to support Libya’s transition” to the MENA Transition Fund – following consultations with the Libyan Government.

This proposal aims to strengthen leadership capacity at the decision-making levels of the Libyan government and the society in order to lead the way to long-term institutional effectiveness, efficiency and success.

The project is in line with the Transition Fund overall objective of building structures to support the successful transition in Libya. It will run a pilot leadership training program for executive level officials (public, private and civil society), through:

- a. Building transformative leadership capacity to engage in political, economic and social reforms;
- b. Connecting Libya’s leaders with international mentors and experts to support management of the complexities of the democratic transition;
- c. Enhancing Libya’s international competitiveness and integration into the global economy.

The proposal has followed the Bank’s normal policies and procedures in terms of project preparation and the Bank’s project document is attached.

I am, therefore, pleased to inform you that the Bank has endorsed and is prepared to play the role of the Implementation Support Agency (ISA) for the attached proposal on "Leading the way Programme for developing leadership capacity to support Libya's transition".

Yours Sincerely,
